Education

Anurag University

2024 – 2028

Bachelor of Technology in Electronics and Communication Engineering

CGPA: 8.05/10 (Current)

Technical Skills

- **Programming Languages:** C, Python, Java, Data Structures
- **Web Technologies:** HTML, CSS
- **Domains:** IoT, Embedded Systems, AI Applications
- **Data Analytics & AI Skills:** Exploratory Data Analysis (EDA), Predictive Analytics, Data Interpretation, Data Quality Management, Model Selection, Model Validation, Analytical Reporting, AI Strategy, Ethical AI & Regulatory Awareness

Virtual Experience

Tata Group Data Analytics Job Simulation (Forage)

Dec 2025

Tata iQ – Financial Services

- Completed an AI-powered data analytics and strategy job simulation for financial services use cases.
- Performed GenAI-assisted exploratory data analysis to identify customer delinquency risk indicators.
- Designed a no-code predictive modeling framework and an AI-driven collections strategy with ethical and regulatory considerations.

Projects

AI Personal Assistant (Python)

Dec 2025 — [GitHub](#)

- Developed a voice- and text-enabled AI assistant using Python with speech recognition and text-to-speech.
- Integrated a Tkinter-based GUI to automate tasks such as Wikipedia search, application launch, and time/date reporting.

Smart IoT-Based Drip Irrigation System

Dec 2025

- Built a real-time irrigation system to monitor soil moisture, temperature, humidity, tank level, and water flow.
- Implemented alert mechanisms and a mobile application for remote monitoring and irrigation control.

Certifications

- GenAI Powered Data Analytics Job Simulation – Tata Group (Forage) Dec 2025 — [Verify](#)
- IEEE CAS Industry Forum (CASIF) 2025 – Certificate of Participation Dec 2025 — [Verify](#)
